DRAWINGS/FORMS

None.

ADDITIONAL QUESTIONS

Additional questions have been submitted via email.

1. If one of our MBE subconsultants is utilizing a CCTV subcontractor, would they be included as part of the MBE participation percentage?
 - a. Yes.
2. Regarding the WBE/MBE percentage requirements, may we utilize either a WBE or MBE, or do we have to use both to meet the 10%-25% criteria?
 - a. We encourage Consultants to diversify their subconsultant pool as much as possible. Either will work for the purpose of meeting the 10-25% criteria, but lacking one category may negatively affect your score upon evaluation.
3. Which Bentley/MicroStation program is ALCOSAN currently using for your 3D model?
 - a. We are currently using Bentley Systems Microstation Connect 2024.
