ALCOSAN’s Summer Science Camp provides students in grades 4 - 8 opportunities to explore environmental science through guided, hands-on activities conducted in various outdoor settings. Students will discover the many ways that wastewater treatment impacts watershed ecology both locally and in regions beyond Allegheny County.

Camp Activities:
This year’s Summer Science students will learn all about S.T.E.A.M. They will work together on several hands-on activities throughout the week in science, technology, engineering, art and mathematics.

Campers in grades 4 and 5 will use coding to make their way through a maze, and learn the science behind chemical reactions of acids and bases while making their own natural soap from scratch.

Campers in grades 6, 7 and 8 will design and build roller coasters, code robots to do simple commands, and learn about crystals and saturated solutions to create their own rock candy.

Eligibility
Students currently in grades 4 - 8 attending schools within the ALCOSAN service area are eligible to participate. Students may attend ONE session of camp. Due to limited enrollment, it is recommended that students register early to secure a place on the roster.

Once enrolled, students are required to attend each day of camp. Please consider conflicts with vacations, graduations, or other obligations when registering. Only completed registration information will guarantee a place on the roster, unless the session is full.

Program Cost
There are no fees associated with the Summer Science Program; however, students MUST bring their own lunch. A morning and afternoon snack will be provided daily. Pizza will be provided for lunch on Friday during each camp session.

Program Schedule
Session 1: June 15-19 (Grades 4-5 only)
Session 2: June 22-26 (Grades 4-5 only)
Session 3: July 6-10 (Grades 6, 7 & 8)
Session 4: July 20-24 (Grades 6, 7 & 8)

Program hours are 9:00 a.m. to 3:00 p.m. daily. (Students may arrive as early as 8:30 a.m. and depart no later than 3:45 p.m.)

How to Enroll
Parents/Guardians must...
1. Forward the attached enrollment form to: ALCOSAN Summer Science Camp c/o Scholastic Outreach & Education 3300 Preble Avenue Pittsburgh, PA 15233
2. Provide a copy of the student’s current report card showing a C average or better in both science and math.
3. Complete a permission form and medical waiver. (This form will be mailed upon receipt of the enrollment form.)
4. All parents must attend one of the following orientation sessions:
   Wednesday, May 27, 2020 @ 6 p.m. (or) Saturday, May 30, 2020 @ 10 a.m.

Students must...
1. Provide a handwritten statement explaining their interest in Summer Science. Statements must be written and signed by the student and should not exceed one 8 ½ x 11 page.

Register Early!
Priority will be given to those who meet all registration requirements.
